

FLUXON

BATTERY IMPACT WRENCH

1/2" 620 Nm

art.code:

IWC12N06

A number of characteristics of the Fluxon impact wrench:

- Ergonomic handle and short shaft
- Accurate stepless speed control thanks to brushless motor
- Includes battery indicator
- Directional switch that automatically activates the trigger lock in the central position
- Power program button with which Full power or half mode and a special auto break mode can be selected
- Powerful built-in LED work light that illuminates the work area without the need for an additional light source
- Integrated air cooling prevents overheating

Brushless motor

Breakaway force 620 Nm

Inclusive power program

Very compact design

COB LED work lamp

Specifications

Voltage	20V
Square drive	1/2"
No-load speed	2300 / 2700RPM
Impact IPM	3100 / 3600IPM
Max Breakaway force	620Nm
Tightening torque	450 / 290Nm
Shaft length	130mm
Height incl. battery	250mm
Battery	20V, 4.0Ah, lithium-ion
Weight with battery	1.75kg
Weight without battery	1.1kg
Bolt size	M8-M16
