2x Battery

Storage case

BATTERY IMPACT WRENCH

1/2" 1700 Nm

art.code:

IWC12N17

A number of characteristics of the Fluxon impact wrench:

- Ideal for heavy duty repair, maintenance, automotive and industrial projects
- Accurate stepless speed control thanks to brushless motor
- Includes battery indicator
- Directional switch that automatically activates the trigger lock in the central position
- Power program button with which Full power, half mode, key hold and a special auto break mode can be selected
- Powerful built-in LED work light that illuminates the work area without the need for an additional light source
- Integrated air cooling prevents overheating

Brushless motor

Breakaway force 1700 Nm

Inclusive power program

Auto break mode

COB LED work lamp

Specifications

Voltage	20V
Square drive	1/2"
No-load speed	900 / 1200 / 1800 RPM
Impact IPM	1800 / 2000 / 2200 IPM
Max Breakaway force	1700 Nm
Tightening torque	750 / 900 / 1200 Nm
Shaft length	230 mm
Height incl. battery	280 mm
Battery	20V, 4.0Ah, lithium-ion
Weight with battery	3.47 kg
Weight without battery	2.8 kg
Bolt size	M16-M30
