Premium+ 4000kg 400V
## Two-column lift 4,5m
VL40F400B

- Floor-less / barrier-free
- Fully automatic
- Double and triple adjustable arms
- Quality hydraulic pump
- Adjustable pads with double spindle

Quality hydraulic pump

Double spindle

Height adaptor

Technical specifications

capacity	4000 kg
voltage	400 V 3-fase
engine power	2,2 kw
min. take-up height	95mm
maximum lifting height	2050mm
reach short lift arms	625 - 932mm
reach long lifting arms	825 - 1750mm
distance between columns	2785mm
height of the columns	2806mm
overall height	3756mm
total width	3540mm
weight	680kg
oil capacity	10L CH32 / CH46 (Niet inbegre-pen)

Alle Falco vrachtwagenbruggen voldoen aan de NEN-EN1493 veiligheidsnorm en worden geleverd met een Nederlandstalige handleiding inclusief onderhoudsprotocol en CE-certificaat 2006/42/EC.

The thoughtful design of Falco bridges saves you time and effort. The focus is on ease of use and an efficient work flow. The different models are developed for various applications. The PremiumPlus is a fully automatic and barrier-free model, making this bridge very complete and suitable for a wide range of vehicles. The Falco Sollevatori Premium series has proven itself over the years to be a very reliable and multi-purpose bridge, for almost all common cars.
